Accomplishments:

School Safety Assessments: 5 District/47 Schools

Conducted 47 school safety assessments for 5 school districts (Picayune, Jackson County, Holmes, Philadelphia, and South Tippah) to include follow up technical assistance to bring the districts into compliance with accreditation standards for school safety.

Training:

Conducted or sponsored workshops wherein 3,035 personnel were trained at no cost to the school district or department. Workshops and conference subjects included:

- School Safety Planning
- Crisis Response Plan Development
- School Law and Policy Development
- Restraint Techniques and Issues for Educators
- Oleoresin Capsicum Certification
- School Safety Assessment
- Juvenile Threat Assessment Protocol.

Conducted training at 19 state, regional or national conferences. Training also includes training for 135 School Resource Officers and 138 School Safety Officers.

Staff also were also asked to serve on the US Secretary of Education's Pandemic Task Force (Robert Laird) and also the USDOE Emergency Response and Crisis

Management Technical Assistance Center (Robert Laird/Chelley Barnes) as well as the Federal Post Trauma Stress in Children Working Group (Chelley Barnes).

Crisis Disaster Assistance Team:

3 Activations

Responded to state emergency disaster declarations for Hurricane Katrina, and 2 HAZMAT incidents at Harrison County High School and Moss Point High School.
